# MANAGEMENT DISCUSSION AND ANALYSIS REPORT

## INDUSTRY STRUCTURE AND DEVELOPMENTS

### Introduction

The Gems and Jewellery sector plays a significant role in the Indian economy, contributing around 7 per cent of the country's GDP and 15 per cent to India's total merchandise exports. It also employs over 4.64 million workers and is expected to employ 8.23 million by 2022. One of the fastest growing sectors, it is extremely export oriented and labour intensive.

Based on its potential for growth and value addition, the Government of India has declared the Gems and Jewellery sector as a focus area for export promotion. The Government has recently undertaken various measures to promote investments and to upgrade technology and skills to promote 'Brand India' in the international market.

India is deemed to be the hub of the global jewellery market because of its low costs and availability of high-skilled labour. India is the world's largest cutting and polishing centre for diamonds, with the cutting and polishing industry being well supported by government policies. Moreover, India exports 75 per cent of the world's polished diamonds, as per statistics from the Gems and Jewellery Export promotion Council (GJEPC). India's Gems and Jewellery sector has been contributing in a big way to the country's foreign exchange earnings (FEEs). The Government of India has viewed the sector as a thrust area for export promotion. The Indian government presently allows 100 per cent Foreign Direct Investment (FDI) in the sector through the automatic route.

### Market size

Gold demand in India rose to 760.40 tonnes between January to December 2018. India's gems and jewellery exports stood at US\$ 4.99 billion between Apr 2019 -May 2019\*. During the same period, exports of cut and polished diamonds stood at US\$ 3.52 billion, thereby contributing about 76.96 per cent of the total gems and jewellery exports in value terms. Exports of gold coins and medallions stood at US\$ 686.51 million and silver jewellery exports stood at US\$ 765.98 million between April 2018 - March 2019\*.

The gems and jewellery market in India is home to more than 300,000 players, with the majority being small players. Its market size is about US\$ 75 billion as of 2017 and is expected to reach US\$ 100 billion by 2025. It contributes 29 per cent to the global jewellery consumption.

India is one of the largest exporters of gems and jewellery and the industry is considered to play a vital role in the Indian economy as it contributes a major chunk to the total foreign reserves of the country. The Goods and Services Tax (GST) and monsoon will steer India's gold demand going forward.

### Investments/Developments

The Gems and Jewellery sector is witnessing changes in consumer preferences due to adoption of western lifestyle. Consumers are demanding new designs and varieties in jewellery, and branded jewellers are able to fulfil their changing demands better than the local unorganised players. Moreover, increase in per capita income has led to an increase in sales of jewellery, as jewellery is a status symbol in India.

The cumulative Foreign Direct Investment (FDI) inflows in diamond and gold ornaments in the period April 2000 - March 2019 were US\$ 1.16 billion, according to Department for Promotion of Industry and Internal Trade (DPIIT).

Some of the key investments in this industry are listed below.

- Deals worth Rs 8,000 crore (US\$ 1.19 billion) were made at the Indian International Jewellery Show held in August 2018.
- Companies such as PC Jewellers, PNG Jewellers, Popley and Sons, are planning to introduce a virtual-reality (VR) experience for their customers. The customer will have to wear a VR headset, through which they can select any jewellery, see the jewellery from different angles and zoom on it to view intricate designs.

### Government Initiatives

The Bureau of Indian Standards (BIS) has revised the standard on gold hallmarking in India from January 2018. The gold jewellery hallmark will now carry a BIS mark, purity in carat and fitness as well as the unit's identification and the jeweller's identification mark. The move is aimed at ensuring a quality check on gold jewellery.

The Gems and Jewellery Export Promotion Council (GJEPC) signed a Memorandum of Understanding (MoU) with Maharashtra Industrial Development Corporation (MIDC) to build India's largest jewellery park in at Ghansoli in Navi-Mumbai on a 25 acres land with about more than 5000 jewellery units of various sizes ranging from 500-10,000 square feet. The overall investment of Rs 13,500 crore (US\$ 2.09 billion).

Gold Monetisation Scheme enables individuals, trusts and mutual funds to deposit gold with banks and earn interest on the same in return.

*Exchange Rate Used: INR 1 = US\$ 0.0159 as of Q4 FY19.*

### OPPORTUNITIES

- In the coming years, growth in Gems and Jewellery sector would be largely contributed by the development of large retailers/brands.
- Established brands are guiding the organised market and are opening opportunities to grow.
- Increasing penetration of organised players provides variety in terms of products and designs.
- Online sales are expected to account for 1-2 per cent of the fine jewellery segment by 2021-22.
- Also, the relaxation of restrictions of gold import is likely to provide a fillip to the industry.
- The improvement in availability along with the reintroduction of low cost gold metal loans and likely stabilisation of gold prices at lower levels is expected to drive volume growth for jewellers over short to medium term.
- The demand for jewellery is expected to be significantly supported by the recent positive developments in the industry.

### THREATS

- There are a number of restrictions imposed on the import and export of gold as compared to any other commodities.
- Increase in import duties on gold and other precious metals in a surprise move that could dampen retail demand and boost smuggling in the world's second-biggest bullion consumer.
- The price of bullion varies very much in different parts of the country. The main reason for this is the lack of a benchmark that is valid throughout the country.

### SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

In regard to resource allocation and assessment of segment performance focuses, there is mainly one segment and the performance of the Company has been provided in “Discussion on Financial Performance with respect to Operational Performance”.

## OUTLOOK

The World Gold Council (WGC) sees gold becoming a strong ‘financial asset’ in India once the Centre rolls out its proposed comprehensive gold policy this year.

According to the new policy, banks will be allowed to do ‘Bullion Banking’ (take risk in bullion) and new infrastructure such as spot exchanges would be a reality, ushering in transparency and thereby benefiting consumers and small jewellers in particular, PR Somasundaram, Managing Director-India, WGC, told BusinessLine here.

Bullion banking will enable consumers to do bullion-related transactions with banks with ease. Spot exchange will solve for liquidity in the market.

It may be recalled that a draft policy for promotion of gold as a financial asset has already been circulated to relevant Ministries for comments, and a proposal to set up a gold exchange is under consideration by the government.

## Demand outlook

Meanwhile, the WGC has upped its gold consumption forecast for the Indian market for calendar year 2019 to 750-850 tonnes from the 700-800 tonnes projected earlier. This demand forecast is also higher than last year’s average demand of about 760.4 tonnes. India’s gold demand has averaged about 838 tonnes in the last decade.

Annual Gold demand gained 4 per cent in 2018, on highest central bank buying in 50 years. Gold demand had reached 4,345 tonnes, up from 4,160 tonnes in 2017 and in line with the five-year average of 4,347.5 tonnes. A multi-decade high in central bank buying (651.5 tonnes) drove growth.

## RISKS AND CONCERNS

As regards to banks their role in supplying to domestic market has already diminished significantly, from 45 per cent of the total supplies for domestic trade in 2017 calendar year, their share in 2018 was only 35 per cent. In volume terms year-on-year it had declined by 40 per cent to 178 tonnes.

The gold metal loan given by banks may also be under threat if refiners start providing a similar product which is known as “unfixed deferred sales” for 90 days at a premium lower than what banks provide. Such competitive pricing is good but at what cost? And who will regulate their functioning? RBI powers are limited currently only to an extent of payment mechanisms post import. Overtime with mushrooming refiners and poor due diligence in sourcing, banks lost at both ends- one banks losing comfort to onboard a refiner as the client and secondly not able to source from domestic market, eventually banks closed their operation in the country. Although late, the authorities became more cognizant of the situation and started taking corrective measures following which we are again noticing international banks willing to resume business with the country.

## The recourse action

It is time the contours for operation of the refiners in India is better defined, and the sourcing guidelines are made mandatory in line with OECD’s five-step framework at least by creating a guideline that fits Indian refinery, their financing and remittances models need to be reviewed by the RBI as only two out of the sixteen countries from where refiners import are FATF member countries and more importantly avoid a situation where a shutdown of one refiner can create a potential supply squeeze in the market. When one entity controls 25 to 30 per cent of the refining market locally, systemic risks will increase.

Increasing incentives to refiners and increasing refining capacities are not going to help achieve the goal of India as refiner for the world. When it comes to gold to have a global outreach adherence to OECD’s due diligence guidelines is the key and then comes the fineness, quality and designs. Our industry has till now put its efforts on only fineness and quality by mandating license from BIS to import dore.

To start with Indian banks may be provided appropriate incentives/mechanisms to start importing dore and be involved financing refiners. Allowing banks to buy gold directly from accredited refiners and giving them the sole authority to export bullion, would automatically help build the capacity within refiners and increase compliance across the value chain. Such an integrated development also ensures there are no supply shocks as banks have always refined bullion to fall back upon, that would not be the case if role of the banks are shrunk and they exit the market. Of course, these would require appropriate changes in the Banking Regulations Act and RBI Act.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

There are no Key Audit Matters Reportable as per SA 701 issued by ICAI.

### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of our auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

### Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements, or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## ANNEXURE "B" TO AUDITOR'S REPORT

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of Amrapali Industries Limited ('the Company') as of 31st March, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

**1.2. Basis of preparation of financial statements**

**a. Accounting Convention: -**

The financial statements have been prepared in accordance with Section 133 of Companies Act, 2013, i.e. Indian Accounting Standards ('Ind AS') notified under Companies (Indian Accounting Standards) Rules 2015. The Ind AS Financial Statements are prepared on historical cost convention, except in case of certain financial instruments which are recognized at fair value.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Part I of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current - non-current classification of assets and liabilities.

**b. Compliance with Ind AS**

The financial statements have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015.

**c. Recent accounting pronouncements**

The Company applied Ind AS 115 for the first time. The Indian Accounting Standard (Ind AS) 116, lease is applicable from FY 2019-20. The management believes that the adoption of Ind AS 116 does not have any significant impact on the financial statements. The Company has not early adopted any standards or amendments that have been issued but are not yet effective.

**d. Use of Estimates and Judgments**

The preparation of the Ind AS financial statements in conformity with the generally accepted accounting principles in India requires management to make estimates and assumptions that affect the reported amount of assets and liabilities as of the Balance Sheet date, reported amount of revenue and expenses for the year and disclosure of contingent liabilities and contingent assets as of the date of Balance Sheet. The estimates and assumptions used in these Ind AS financial statements are based on management's evaluation of the relevant facts and circumstances as of the date of the Ind AS financial statements. The actual amounts may differ from the estimates used in the preparation of the Ind AS financial statements and the difference between actual results and the estimates are recognized in the period in which the results are known/materialize.

**e. Revenue recognition**

**Ind AS 115 Revenue from Contracts with Customers**

Ind AS 115 is applicable from FY 2018-19 and it replaces Ind AS 18. It applies, with limited exceptions, to all revenue arising from contracts with its customers. Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. Ind AS 115 requires entities to exercise judgment, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers. It also specifies the accounting for the incremental costs of obtaining a contract and the costs already related to fulfilling a contract.
